

# What are Africa's options for reversing these trends; food supply, increasing revenues and promoting development through agriculture?

Share your experiences. Send your viewpoints to [info@atdforum.org](mailto:info@atdforum.org).

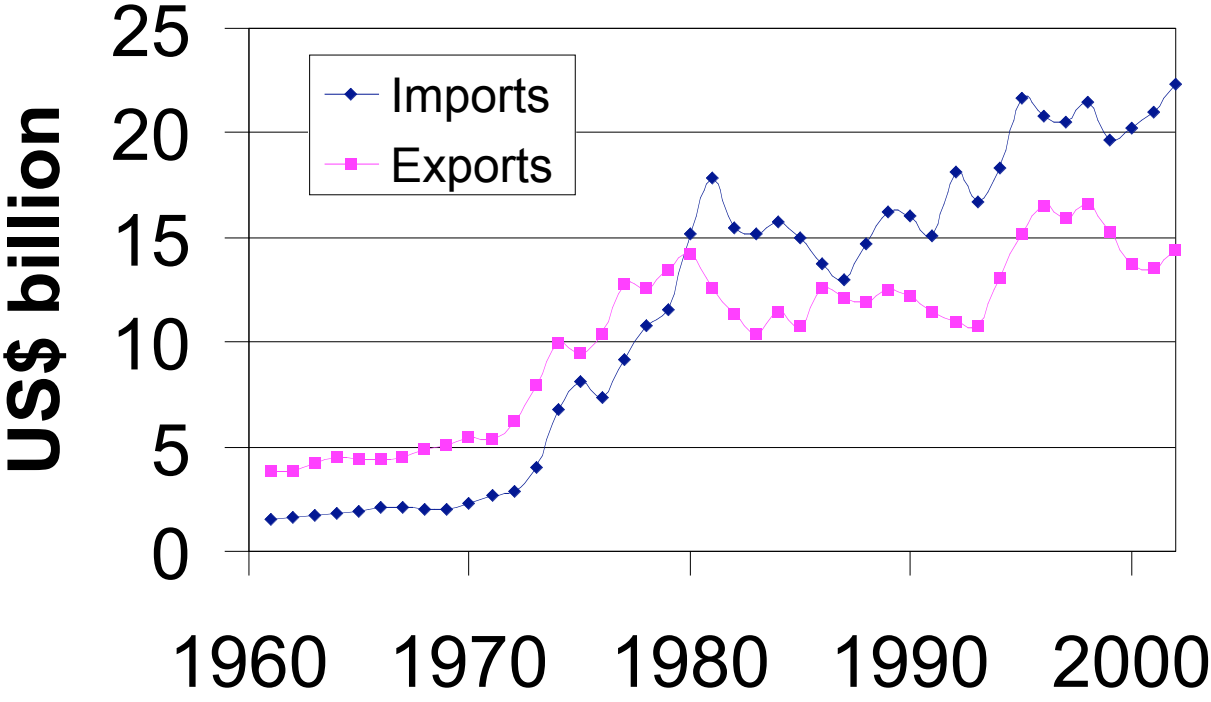

The next Journal will focus on Agriculture including policy, innovation and technology, national and international trade

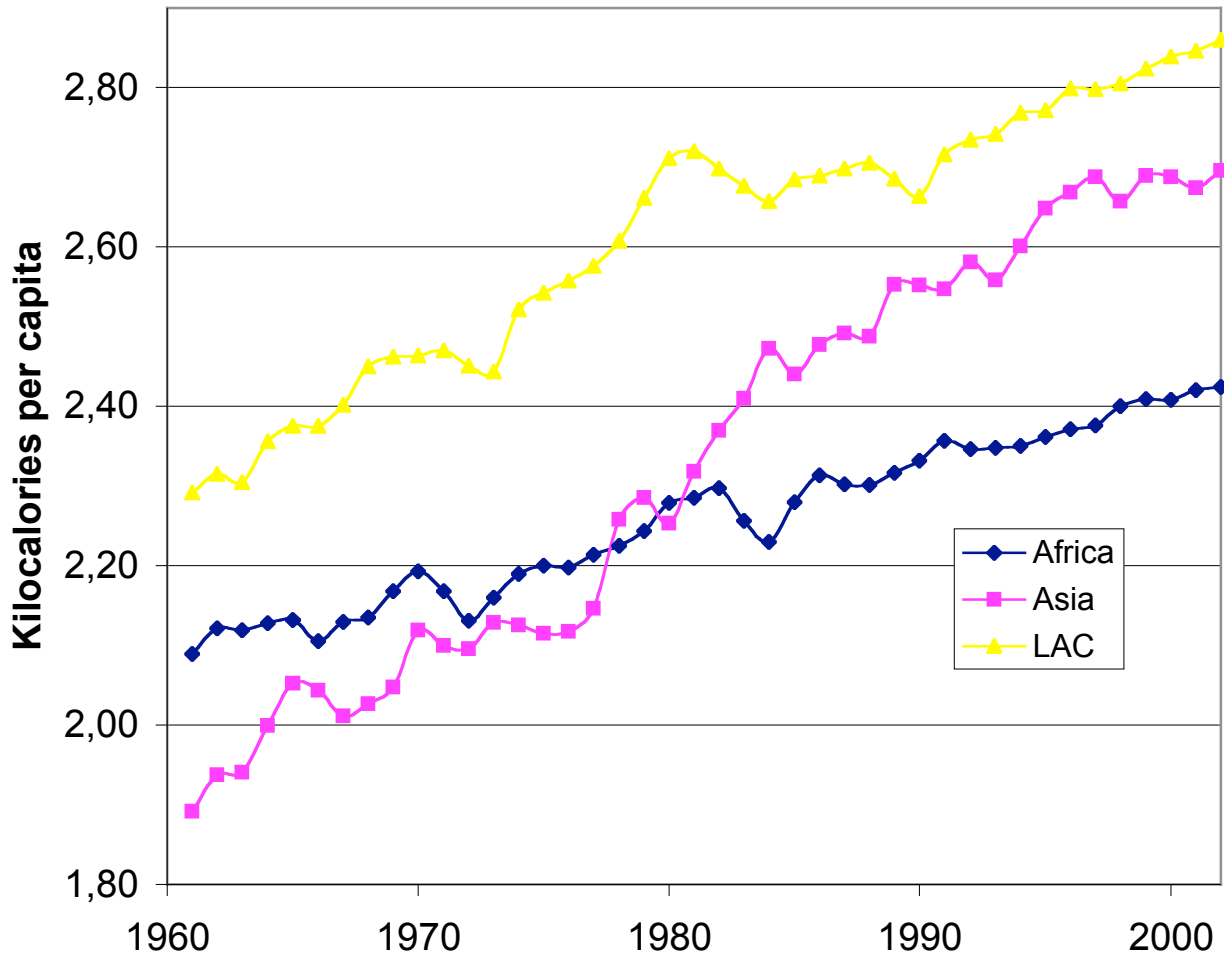

## Production of cereals and roots/tuber:

# Africa's growing agricultural trade deficit

### Caloric supply

## Products with high trade deficits (US\$ millions): Investment opportunities?
